

Common Questions

Q: Where does the food in my produce box come from?

A: At Halton Food Connect, we pack your boxes of vegetables and fruits using locally procured items from farmers, greenhouses, and grocers, often coming directly from the source!

Best before dates represent the date that food will be at it's freshest, but is not necessarily indicative of food safety or quality. From time to time, shelf stable items (i.e., rice, canned goods) may be included that are past their best before date, but are still safe to consume. We will always aim to provide the freshest selection of items available!

Q: What if I can't be home to accept my delivery?

A: We ask that you make every effort to either be present to accept your delivery at your scheduled time, or arrange for someone (e.g., a neighbour) to accept it on your behalf.

If these options don't work for you, you will be added to a list where delivery will be reattempted on one day at the end of the month. We cannot guarantee that this date will be consistent with your availability.
